Correction to: Journal of Religion and Health https://doi.org/10.1007/s10943-025-02520-2

In the original article, the abstract contained errors in its final two sentences. The correct sentences should have been read as follows:
Challenges to interfaith harmony include fear of misuse of religious misinterpretations and laws, illegitimate scholars, political agents, illiteracy, and unregulated social media. The study concludes with salient recommendations to promote interfaith harmony in the country and support the mental health of religious minorities.
The original article has been corrected.

Publisher's Note Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.

The original article can be found online at https://doi.org/10.1007/s10943-025-02520-2.
